I'm really not ready for school to start. I didn't get half the things done I wanted to.

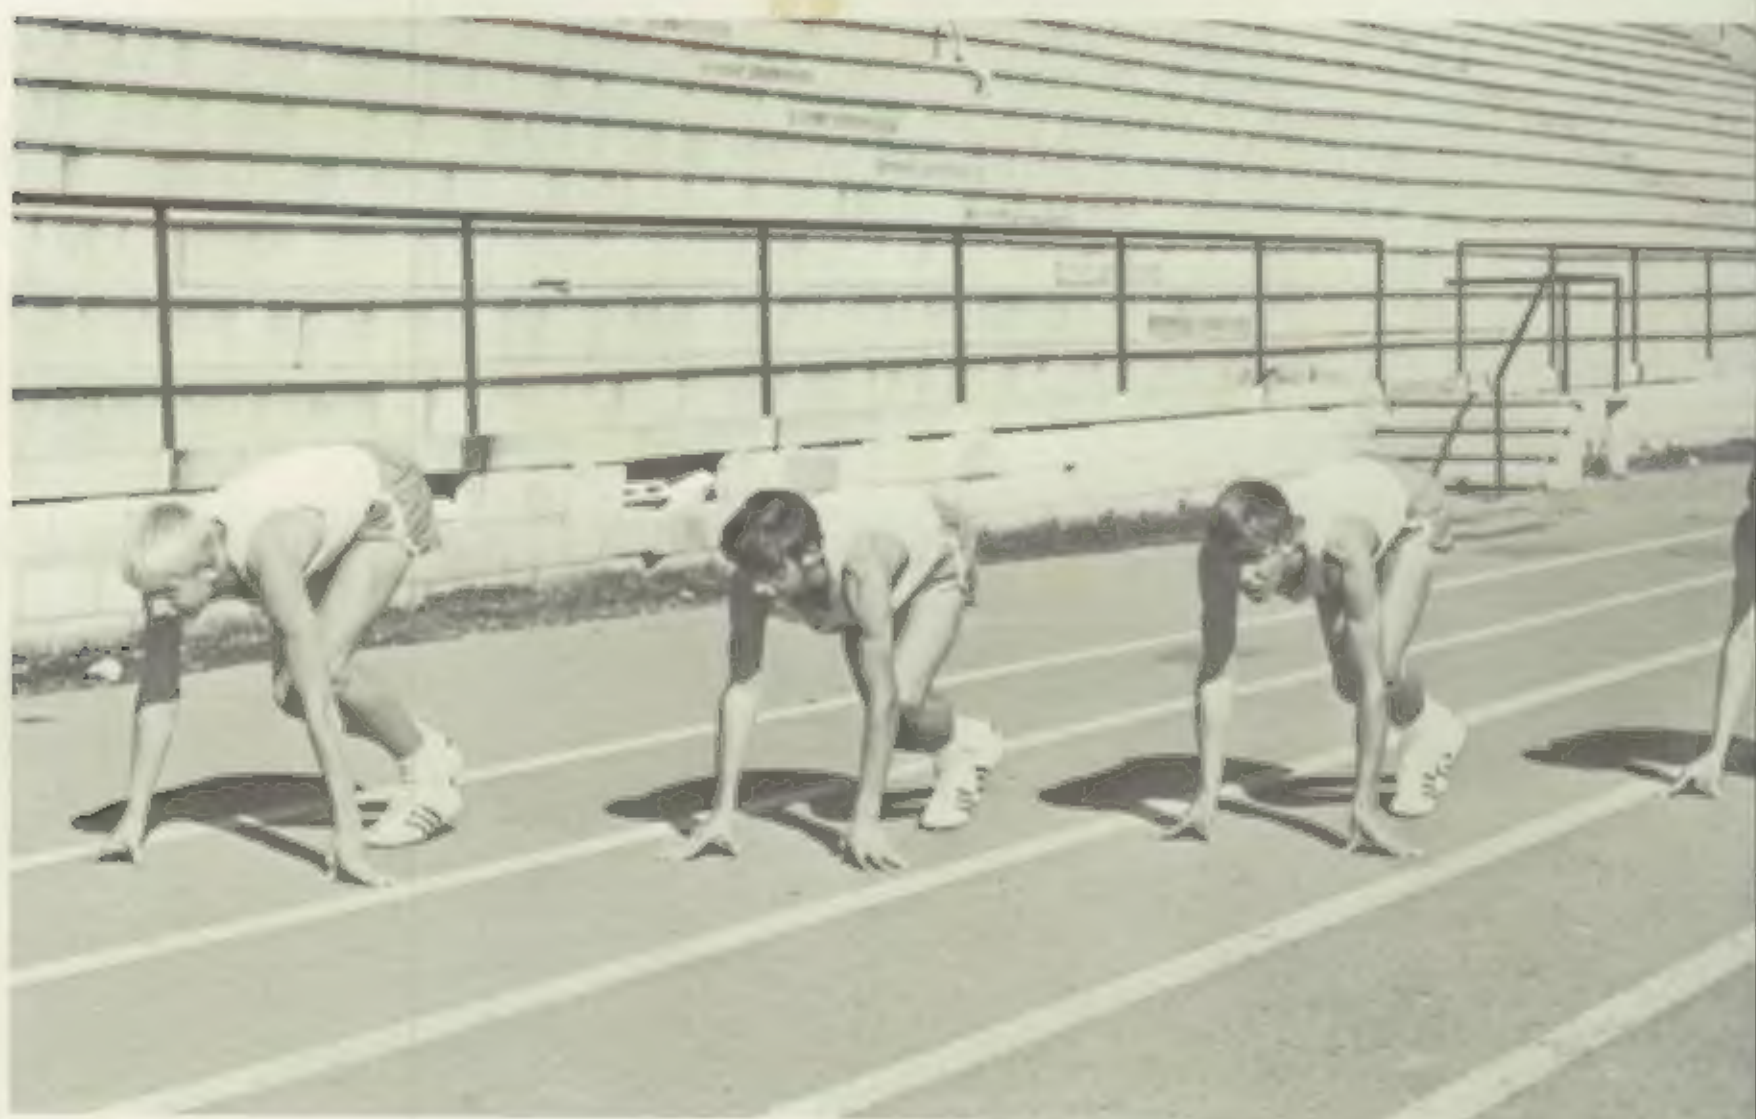

Aw, I'm so tired of working that it'll be a relief to get back to school.

But, I really hate to see all the good times end.

Well, it's always good to see everyone again.

Yeah, I guess.

I'm sick of school already. It's all work and no play
Well, I hate to sound like your Mother, but what you need is to
get involved
But what is there to do?
WHAT IS THERE TO DO?"

I have two club meetings today, an article to write for the Crow's Nest, and I have to sell Operation Pride packages to-

CELESTINE

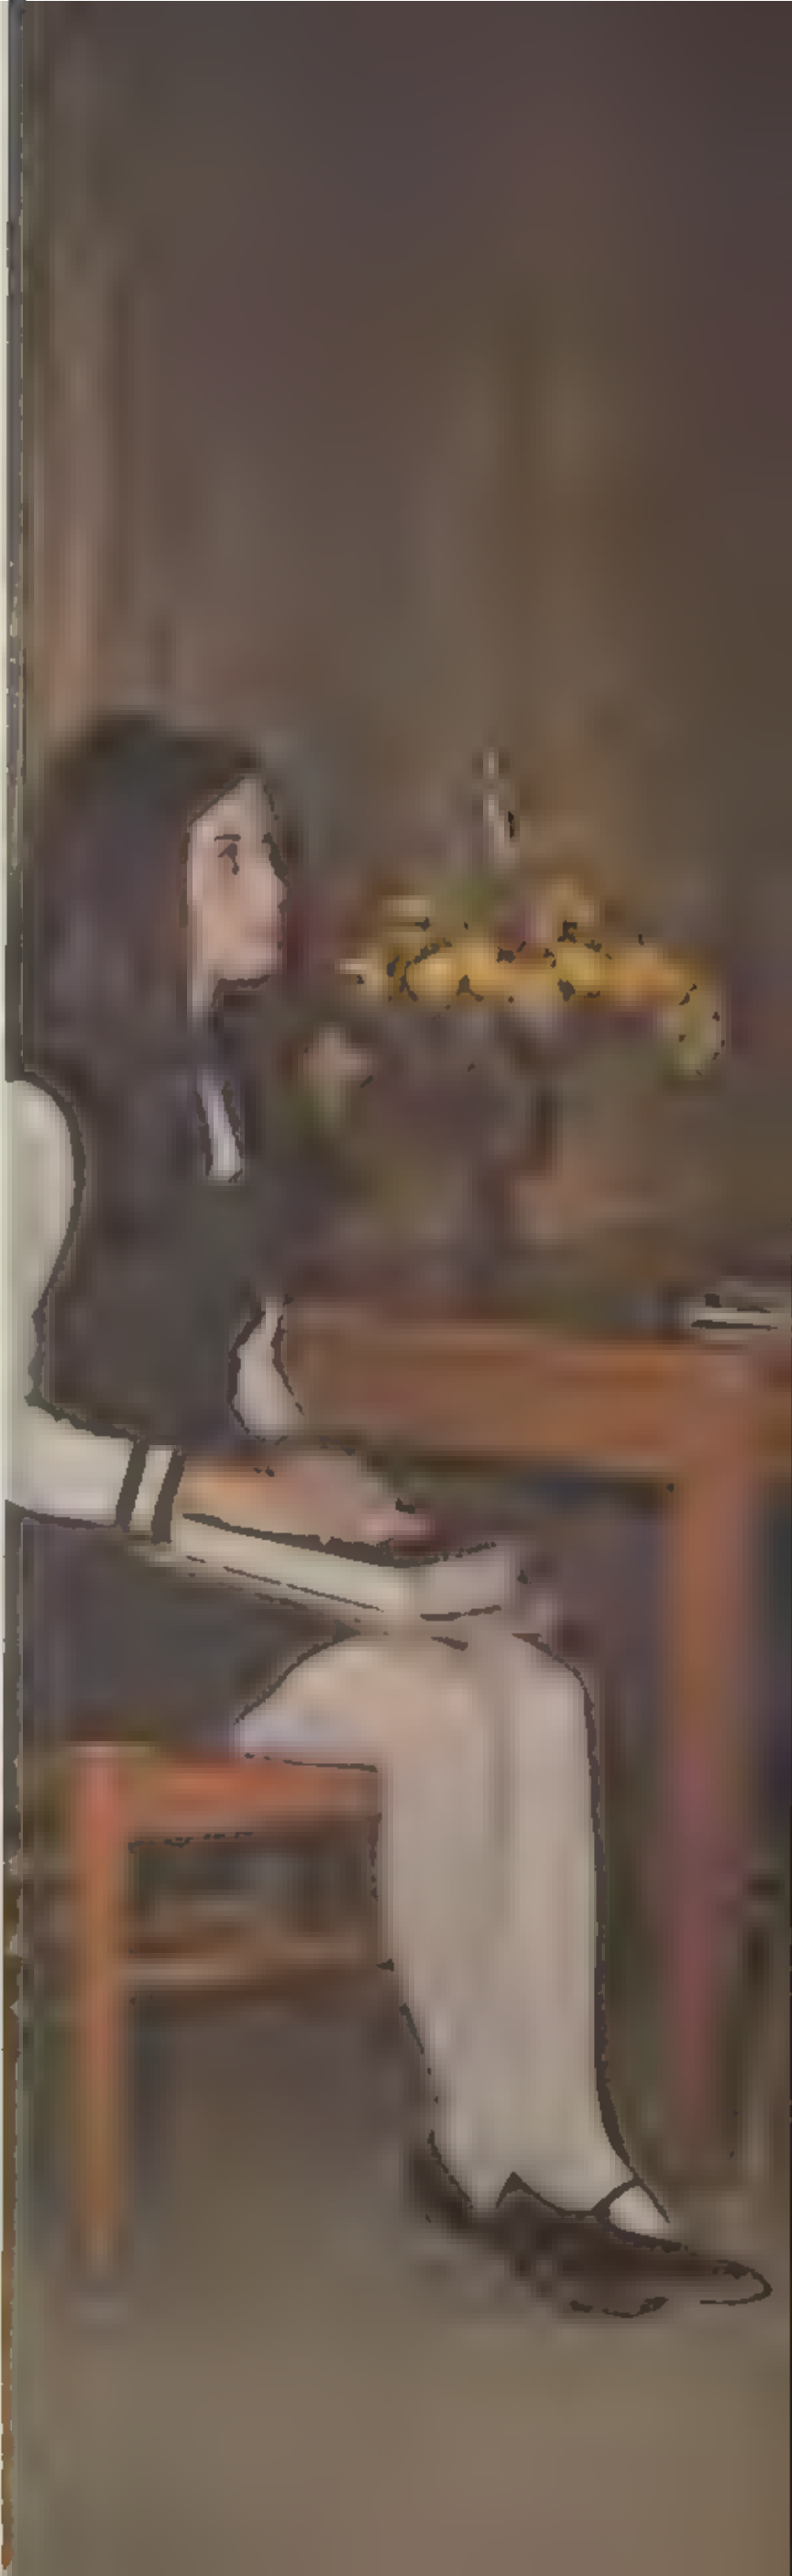

Hey, weren't you the guy that didn't have anything to do?"

Yeah, well - I wanted to get out of homeroom

Sure you did. And that's why you go to meetings almost every night

So, what? Can't a guy enjoy helping his school without being prosecuted?"

You've got that look in your eye. What are you thinking about?
Oh, nothing special. By the way, who is that new football player?
Yeah, I thought your mind wasn't on the game

Where have you been? I've looked all over for you
I've been right here all the time
Let's go somewhere where we can talk. I have something to tell you

Guess what, we burned hydrogen in chemistry today
That's strange. We burned meat loaf in Home Ec yesterday

Hey, Joe. How 'bout letting me borrow your brain for that math test today?

What's wrong? Didn't you study?

Well ... I was sorta busy this weekend

I've heard that story before

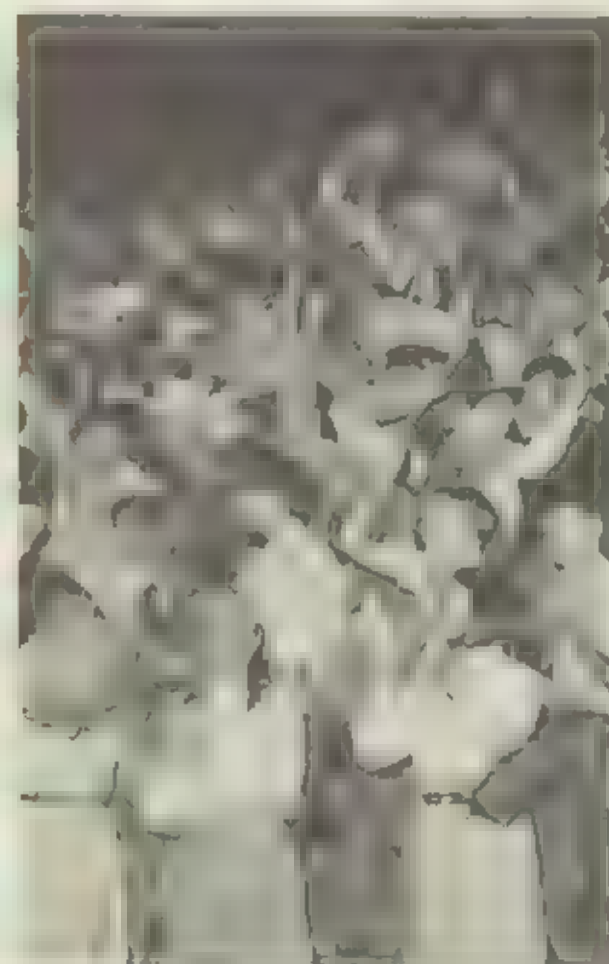

As man steps into the future, his goals become more attainable

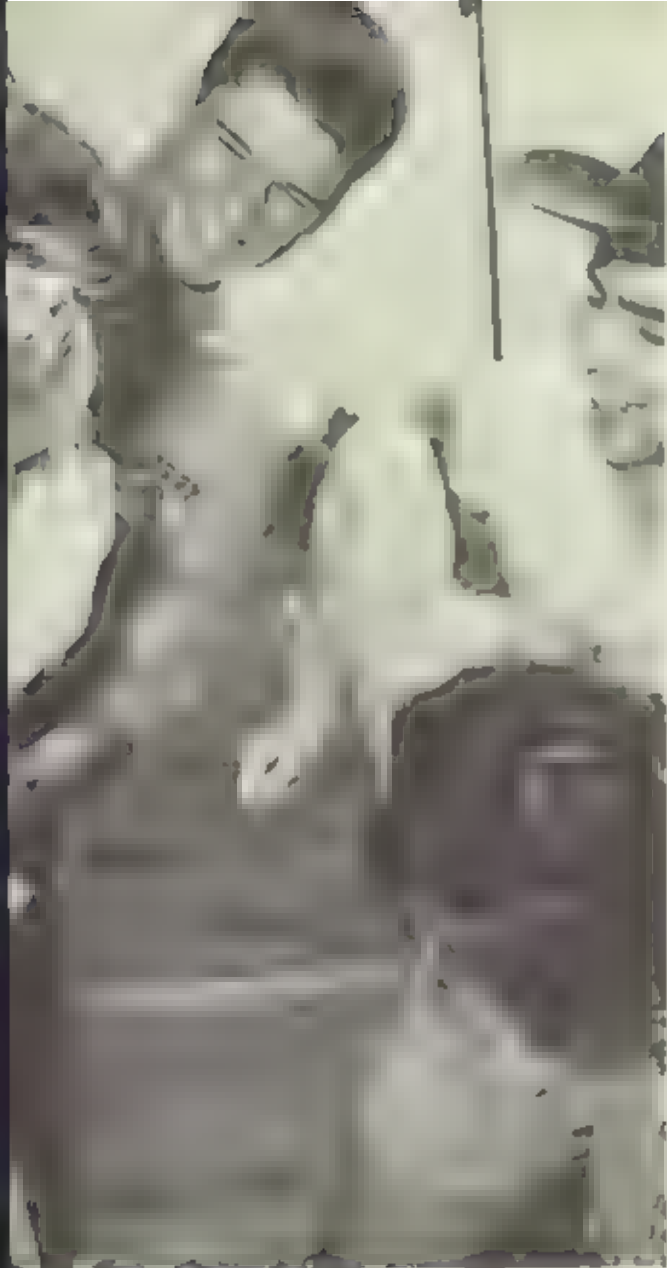

A time period in every life is preparation for the future.

For this year we knew the 1990 CARAVEL is the future of the 1990 High School student body.

EVENTS

Student Council Elections

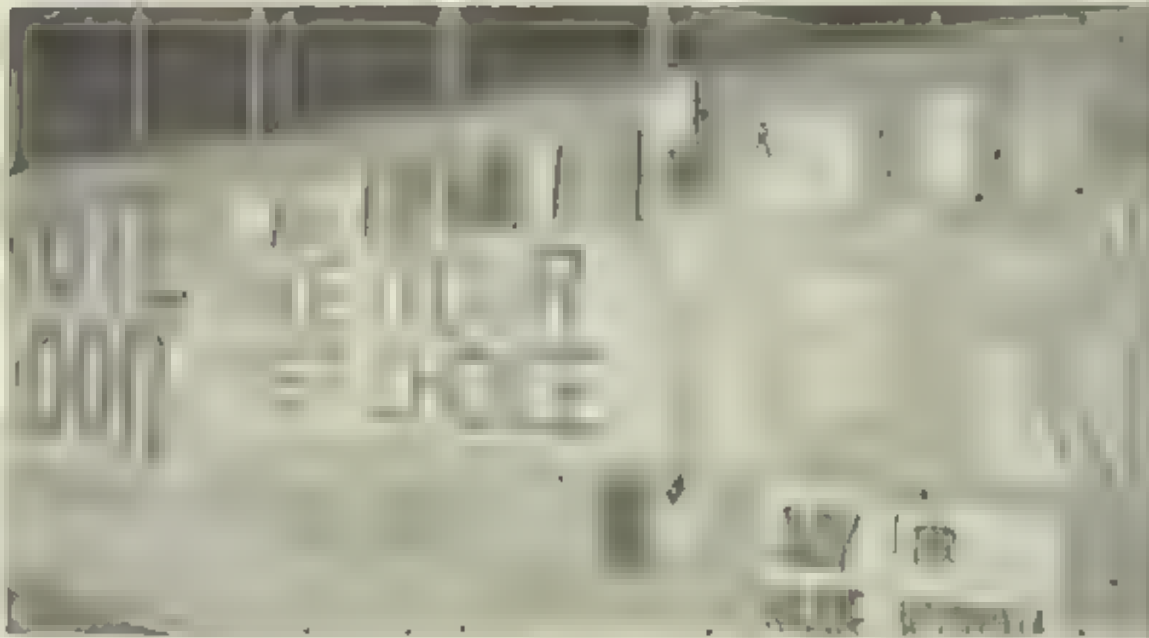

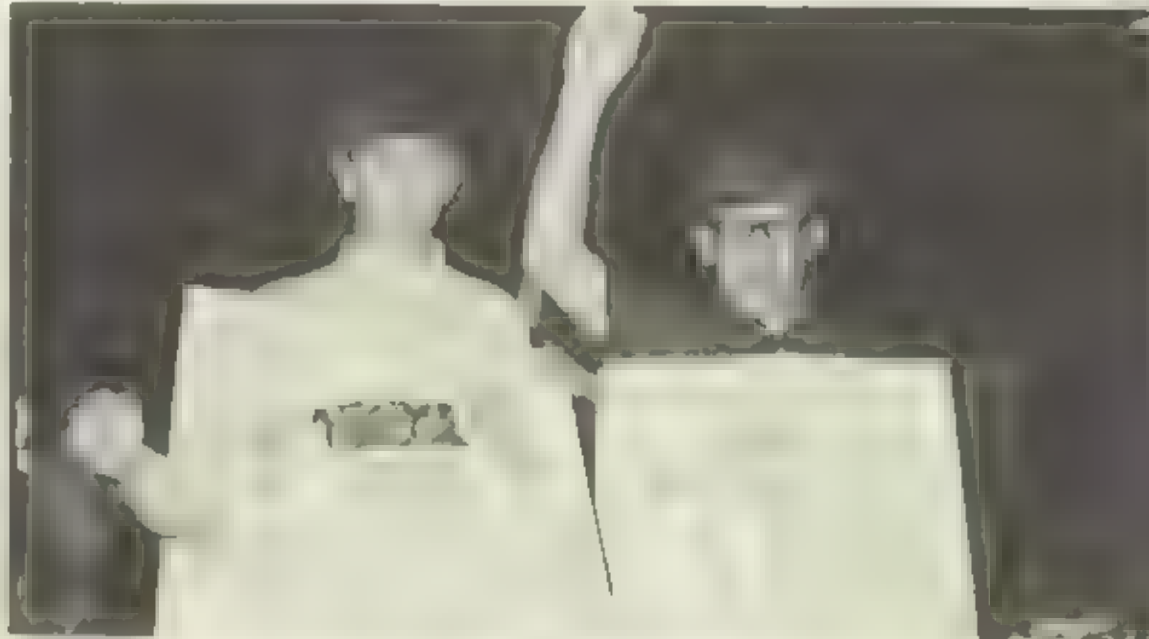

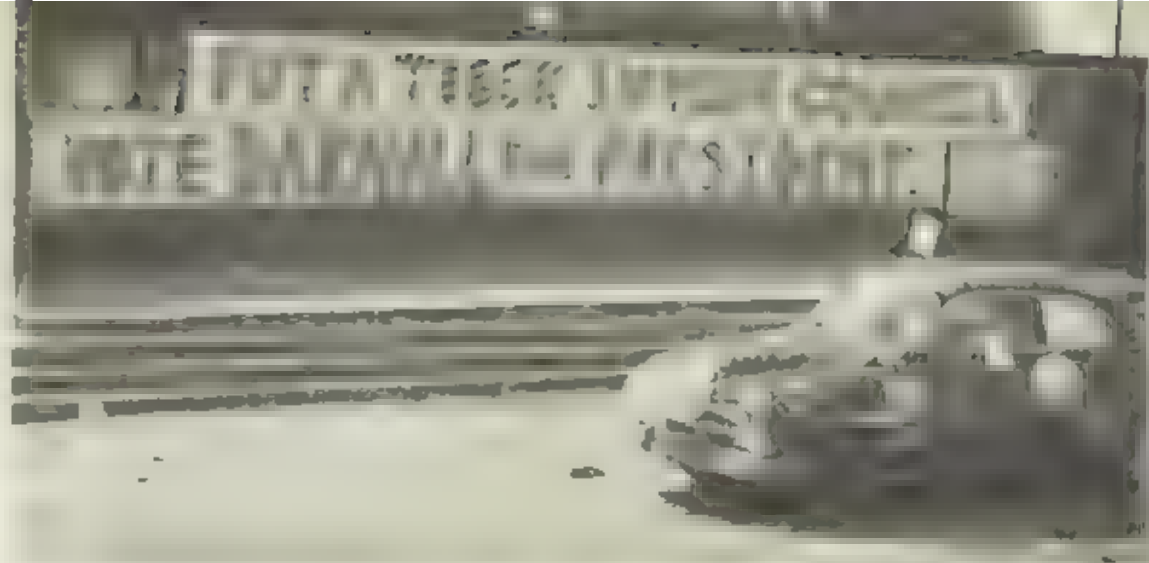

Vote vote vote, that's all I heard those two weeks. And the halls looked like some kind of paper track, fasted into the school. But it sure felt good not to have to worry about where to throw your trash.

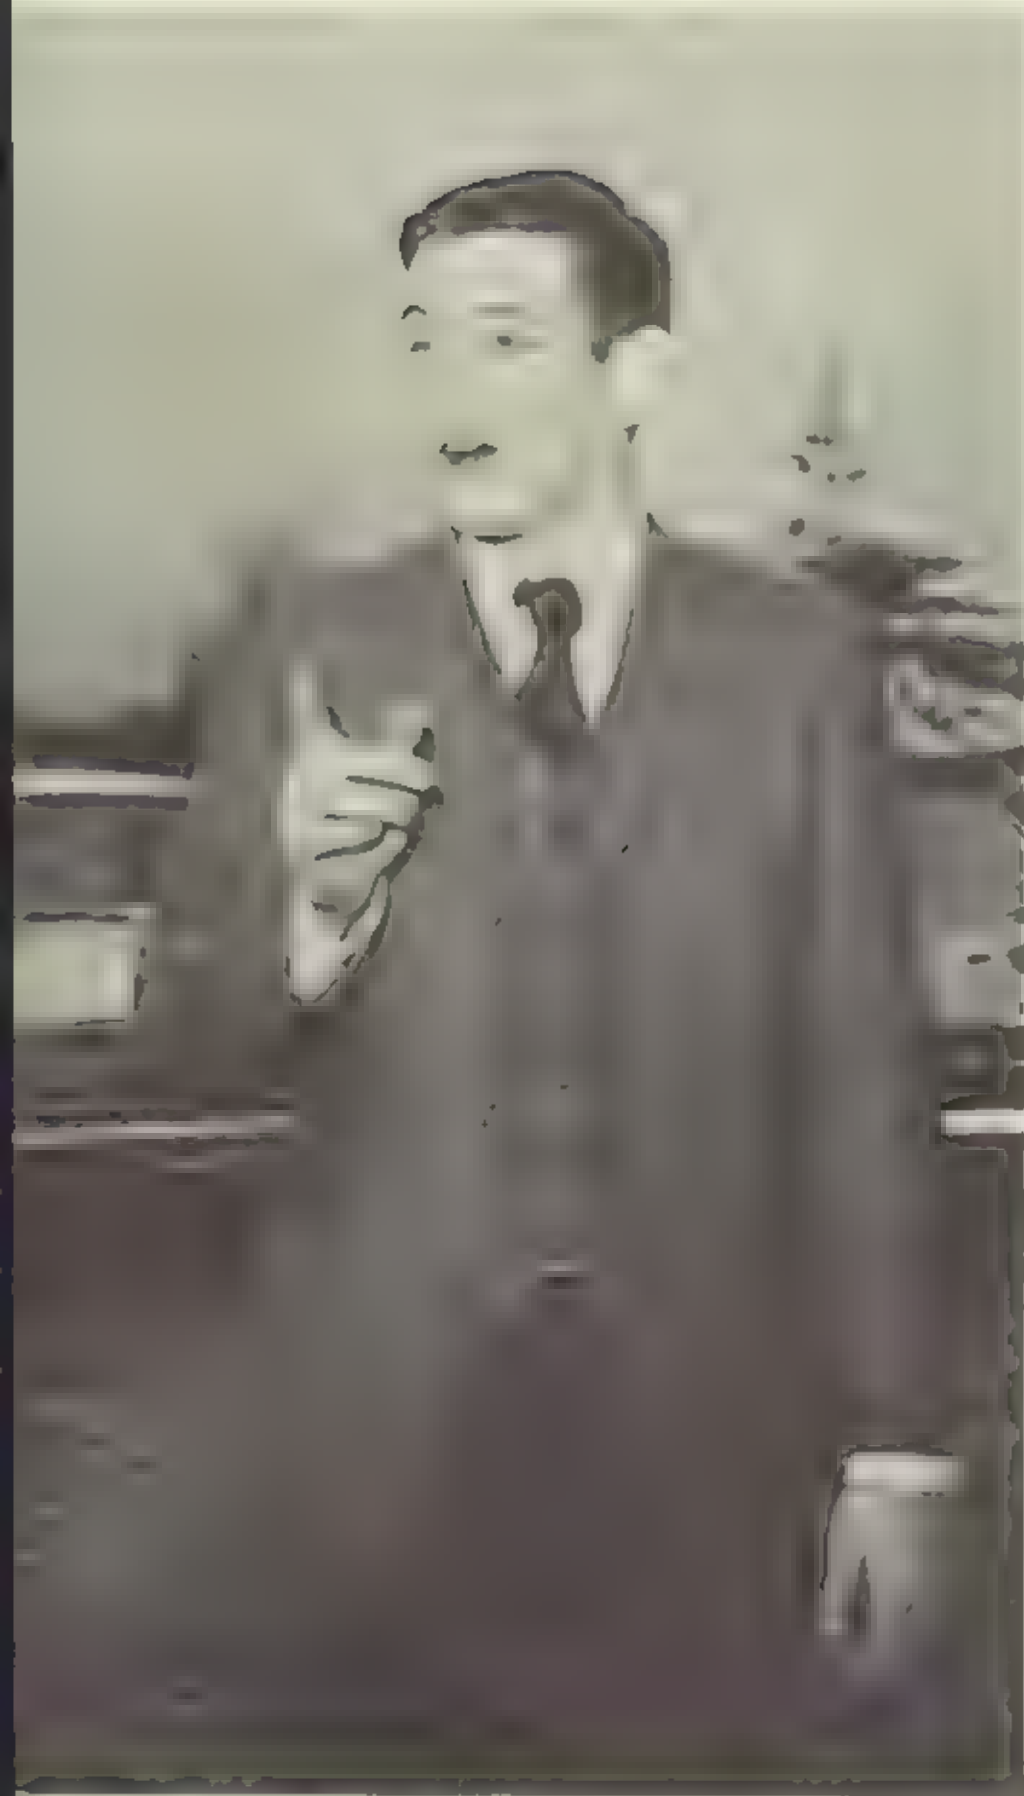

I'm surprised that they finally got around to actually voting. And now every time I hear the word "vote" it sounds strange for some reason.

It is a most time for elections again, it was kind of fun working on the campaign posters, but it was hard work for the candidates.

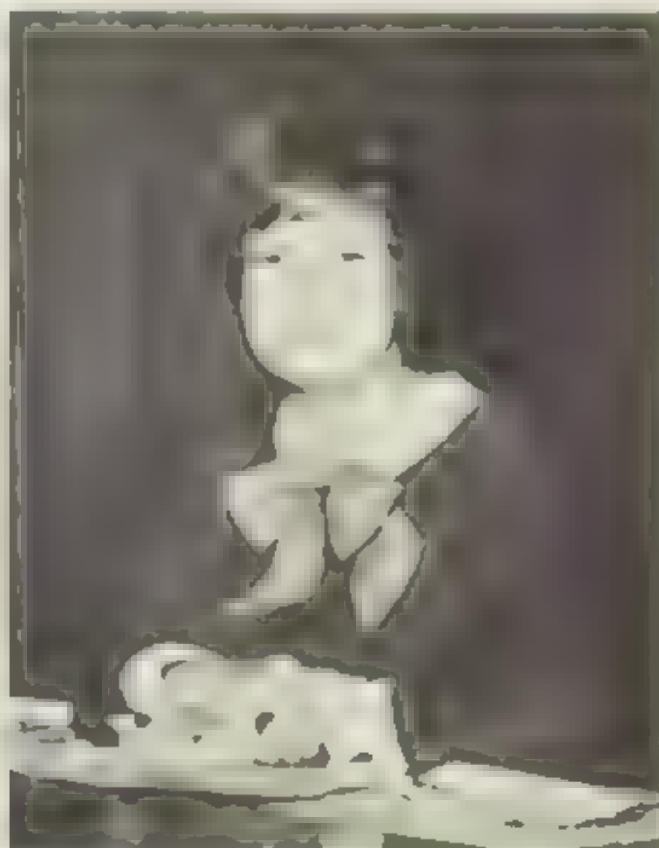

You really have to admit all the officers that were elected did a good job and they sure did try their best even when the snack bar was closed in January. They never seemed to lose their cool for one second. Well I sure am glad that all that campaigning is over. I would hate to be involved again.

Hey Mary I'm going to run for President. Would you be my campaign manager?

Let me have a sip of your coke
This is a great game! Hey, we intercepted their pass. Run,
all the way!

Here, hush, they're starting to announce the float - hey
just a sip.

Third place is the Concert Choir, second place is the
F.H.A. and first place is the Senior Art Club.

Drat, our float didn't - watch it, you're spilling coke
down my leg.

Would you get me another coke?

I guess.

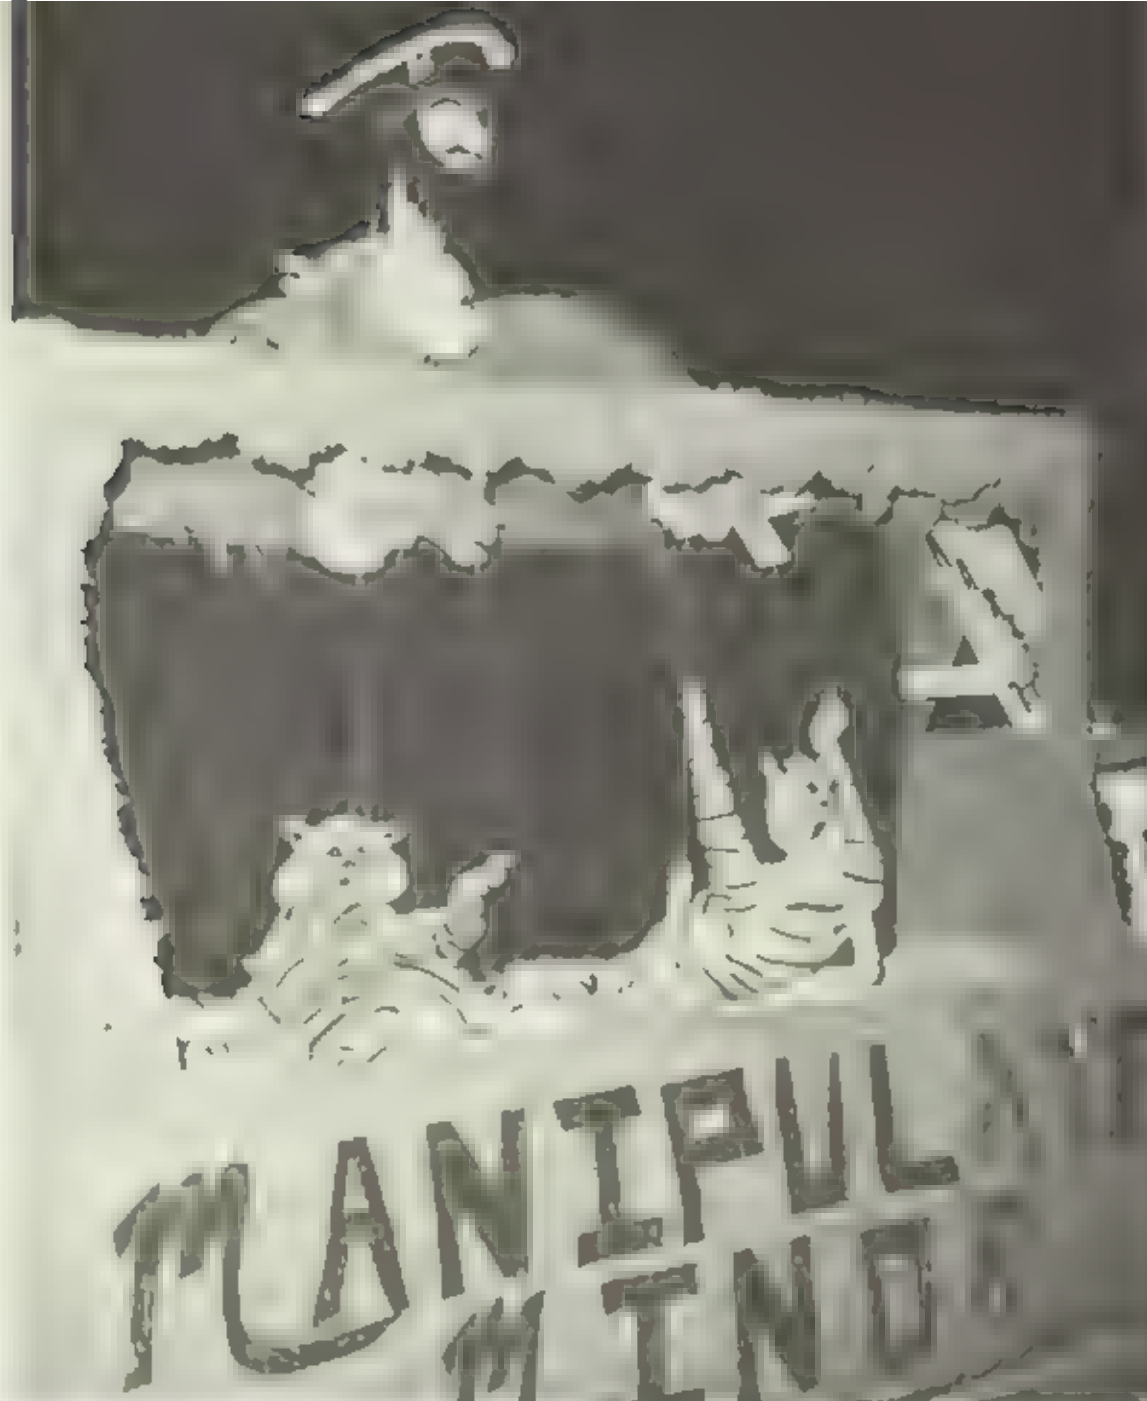

The freshman attendant is Donna Duval, the sophomore
attendant is Fran Jenkins, the junior attendant is Laura Owens
and the senior attendant is Patricia Black. The 1969 Home-
coming Queen is Esther Smith.

Esther looks great! Oh, thanks for the coke.

Are you going to the dance? The Second Warning is play-
ing.

If you'll get me a date I'll

I forgot it!

Senior Beauty Walk

Oh no, we can't go in yet, I left the car lights on. I'll be back in a few minutes

Well, it took you long enough to turn off the lights! They've already started

Really? Well, I locked the car door on my coat and dropped the keys when I tripped down the stairs and

Okay, okay, sit down and be quiet. What a date!

You sure had a good idea coming her

Why?

Look at all those good-looking girls!

I'm not so sure this was a good idea. I'm thirsty

I'm watching the Beauty Walk

I'm dying for a coke

All right, all right . . . Thanks heaps, you made me miss the announcement of the top . . .

What a shame!

Hub?

Nothing . . . I'm really hungry, please get me a candy bar

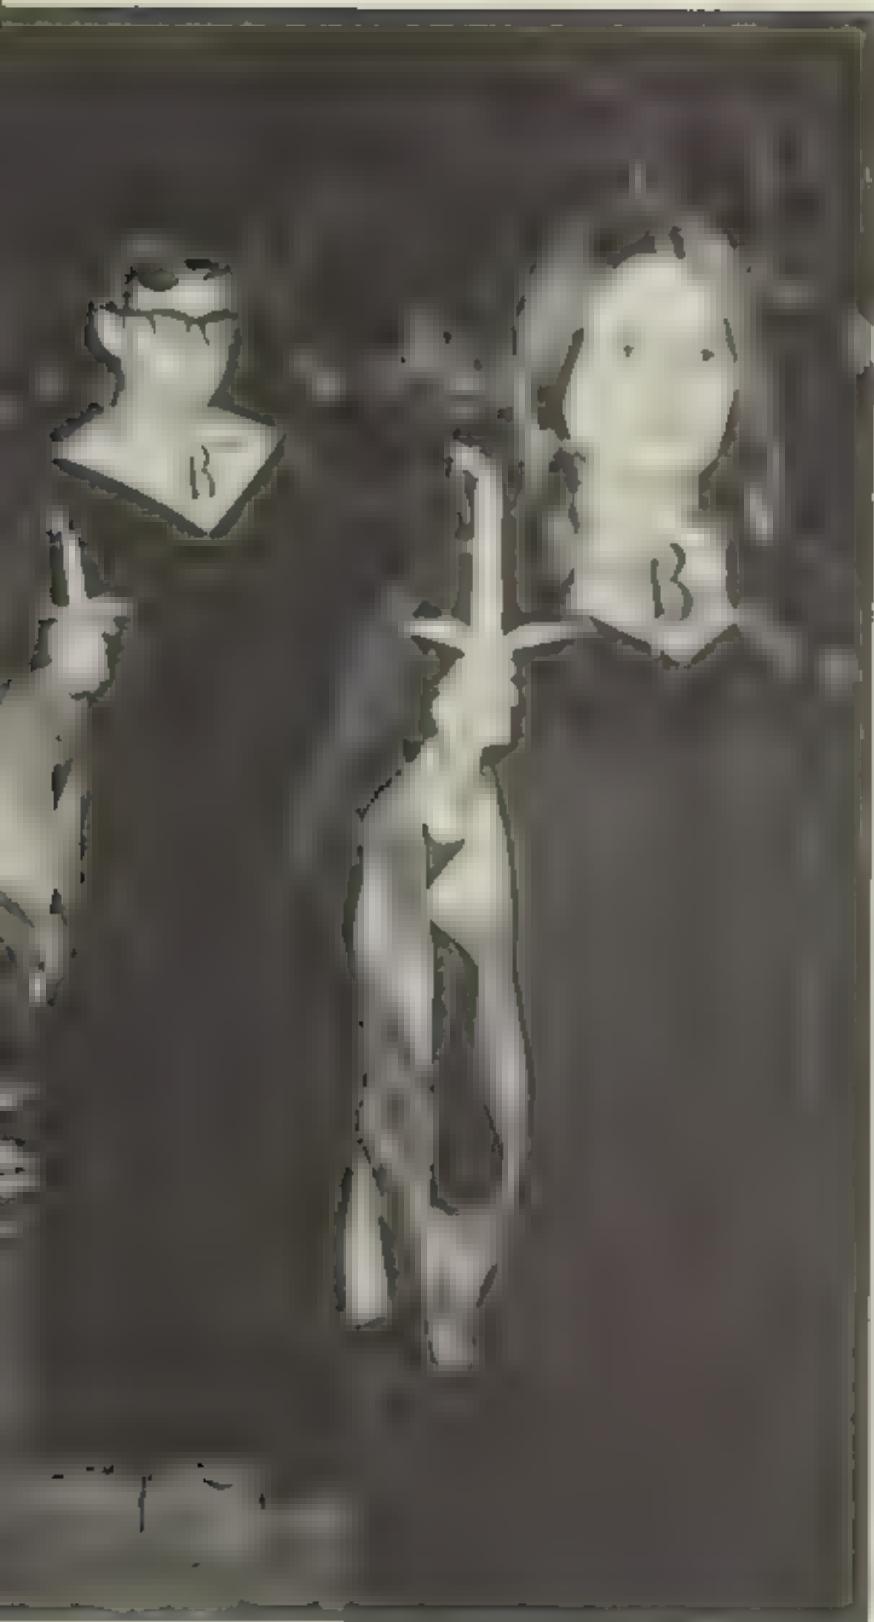

I won't see Miss Senior Class being crowned

Oh, I'm so hungry. Come on, just one candy bar . . . You missed it. Tricia Black got Miss Senior Class, Shannon Lantz got first alternate, and Julie Truss got second alternate. I really enjoyed the Beauty Walk

I wouldn't know. For some reason you kept me occupied

Yes, I would. I'd just try and.

You wouldn't, they're coming up this way.

A Variety of Events

Remember the football game when Mr. Edwards was made the head Bac? It seems so long ago.

Not to mention it seems like everything passed so quickly. First it was football season, then it was the time when Shawn played for an assembly.

Clubhouse and the time when Kathy Ganser spoke to us about the March of Dimes. I bet Wayne remembers that.

Did you know that our school's first year was in the old schoolhouse? So many friends from the old schoolhouse are still around today. Springs, Nelson, and you know who else. Students go here. WOW.

What about the time right before Christmas? Didn't I know then?

I believe so, but not many of us saw the snow. I remember two teachers loved the snow. That is all the bardsy we got that year. It didn't last their job.

Why don't we go back to school?

It's too late now. It's not going to snow in May.

3 More Victories!

I can't write this copy for the annual. I can't think of anything

well, what do you want to say?

You know, the regular stuff. About how after 2 plays and all but I can't think of a conversation I could imagine between two people.

How about 2 parents talking about their kid?

No, I don't think so. Parents only talk about their own kids. How could I fit in that we held them to 55 yards rushing?

I guess you are right. How about a conversation between two

With all my luck, they would get stepped on in the middle of the game.

I don't know. Let me see, what happened at the game?

Well, Mike Thompson, Stevens, and Patton all scored.

Say, let me ask you to be sure and tell you to put in the copy that I need.

I guess I will have to say.

I guess I will have to save the copy for Minor out of the annual.

Our scrambling quarterback, Bud Stevens, goes for yardage.

Berry Mounts Mounties

Joan, he asked me! He asked me!

What?

Tommy, he asked me to go steady over the phone before I left for the game.

That's great! Did he give you his pin?

He's going to give it to me as soon as he gets to the game. I can't wait!

That's really great, look here comes the team! They really look fired up for the game, Lyn, Lyn? What are you doing?

I've got to tell everybody about it! Betsey, Emily, guess what?

Oh brother, with her talking all night, this is going to be a long game.

Why isn't he here yet? Where is he Joan?

I don't know. Settle down and watch the kickoff! Fumble Shaden Valley!! We stopped them with a fumble!

I wish he would get here, what time is it?

I don't have a watch. Now, settle down and enjoy the game. T D !! Rusty ran 57 yards for our first score. What time is it? Why isn't he here?

I don't have a watch Lyn. Look, Bill Hawkins just got back at Rice by kicking a field goal 2 yards further than he kicked - a county record, 42 yards.

What time is it?

12:05 - I told you I didn't have a watch. Are you sure he asked you to go steady?

I'm pretty sure he did.

We're driving to break a 9-9 tie, we have 84 yards to go. But Bud has us moving. T D !!

Look over at the main entrance, here he comes! Joan, I'm going steady!

Hi Tommy,

Hi Lyn, hi Joan.

Do you have it?

Have what?

My pin.

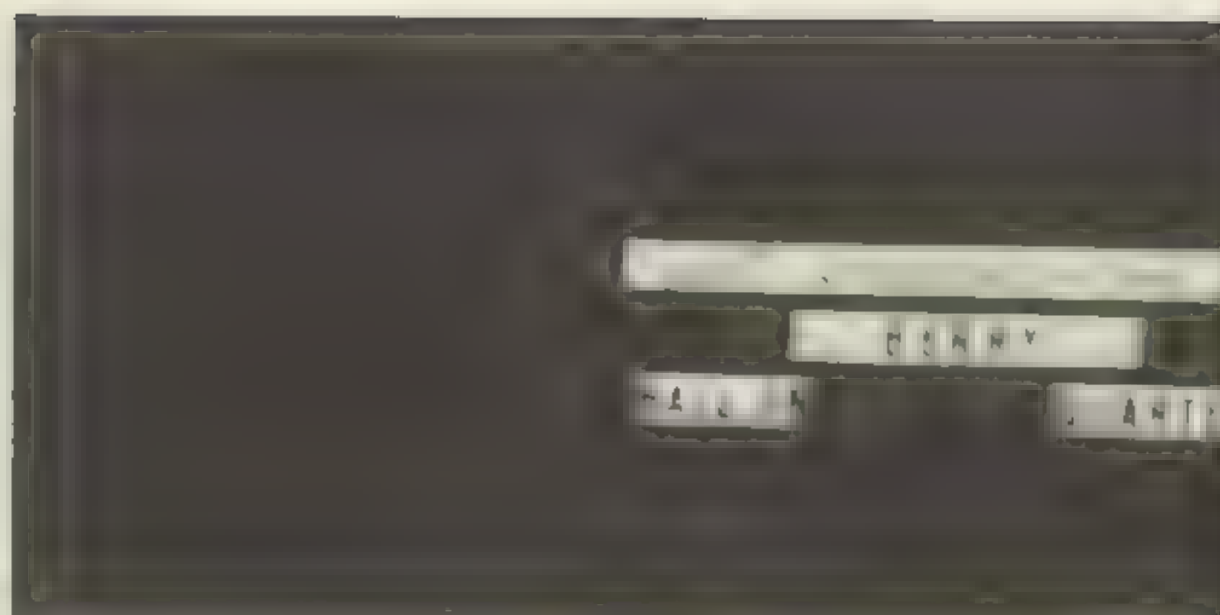

What are you talking about?

My pin.

Where is she going, Joan? Why is she crying?

Tommy, let me ask you something. What did you ask her over the phone?

Well, we are doubling tomorrow night and I told her that we would be going with FREDDY and at the game I would tell her WHEN.

Clinic Winners Again!

What? The band is on the field before the game?
Yeah, they do a pre-game. These are probably the
two best bands in the country!

Go Berry band!

Tell me when something great happens. I'm doing my
chemistry homework for tomorrow

Minor fumbled and Ruzicka recovered

It's only the second play of the game. That's just one
more play toward getting the trophy

Hey, Don't hit me, you hit my elbow and it made me
draw a line all the way across my homework

We're on the move. 4th and we're inside the 10 yard
line. Go for a touchdown!

They didn't send Hawkins in and that means they're
going to try for it

1 D. T D!

Stephens ran around the right for a 1 D!

This is going to be one hard hitting game

Back just gained 16 yards

I can see it now in the office, the gigantic dental
clinic trophy

How about Thompson? He gained 17

Well, it's half time, let's go get a coke

Hey, what's that drum major doing standing in the
middle of the field?

He's going to sleep

Sure! 7 drum sections at the same time with almost
100 people on the field

The half time was so good I could not do my chem
istry

Just one half away from getting that trophy

Kickoff Homer Burke has to be the fastest person
alive

Ouch, they are getting better

Don't worry! Last time we played them, we held
them to 55 yards running

Ricky Watson just scored

That is one Watson step toward the trophy

This is some way to end the season

Billy Lee just intercepted a Moore pass, shook off one
tackler and raced 66 yards to score!

Hey, Hercrmer, wait! The score is 18-0

Yeah, now I'm worried about winning the trophy
next year

Don't touch me

The Thrill of Victory

But, Mom, do I have to sit with you and Daddy and Sis?

Yes, Edward, we will come as a family and ENJOY IT, do you hear?

O K. Here we are in beautiful Legion Field, in Birmingham, Alabama, "The football capital of the South."

Mama, tell Edward not to talk funny.

Looks like we are about to score, a pass to Fuller.

Stop being sarcastic, Eddie.

Look dear . . . They have boys selling cokes, that's good.

I wouldn't be so sure, until you have to pass them down the line.

Get ready for a great rush against the Booker T. punt. It's blocked by a huge Tim Landy hand.

Look how bright the lights are!

Yes, beautiful Legion Field has added brighter lights to attract color TV and help the spectators enjoy the game.

Mama, Eddie's talking funny again.

Be quiet, Edward, and pass the cokes down.

That blocked punt is going to set up another T.D. Complete to Thompson in the end zone!

We're really tearing them up! Bud has brought them back close enough for another quarterback sneak.

Here's the "Booker T. Washington Marching 100!" Looks like more than that.

Oops, another Booker T. bites the dust, 1 down 99 to go.

Well, it's mighty famous dust. Just think of who has been on that very spot! Joe Namath, Bear Bryant, Shog.

Be quiet, Arnold just blocked another punt and Patten went over for the touch down!

Please pass the cokes.

Well wasn't that fun, having fun with the family and watching a 31-0 win?

Yes, Mama, can I drive home Dad?

The Agony of Defeat

I'm so excited. I can't wait for the kick-off! Do you realize this is the first time a Birmingham team has been in the state finals?

Yeah, and this is the first time the State Championship game has been played in Birmingham. And what a turn-out!

The spirit is great tonight!

We're looking good, we are driving up for a touchdown in the first quarter!

We are in the 10 yard line!

Hand-off to Thompson, fake to Patton, fake lateral to Fuller!

Touchdown!! A first quarter score against Lee. We have got the Number One team! Extra point is good!"

This is the way to play football!

They keep trying but they can't move against us!

Get ready for a second quarter field goal by Bill Hawkins!

It's from 48 yards out . . . it's going, going. Lgh, it hit the cross bar and bounced back!

Third quarter and they're getting close!

Lee within the 10 yard line! First try . . . second try . . . third try . . . fourth try . . . and we held them! What a goal line stance! That was fabulous!

We stopped them but they won't let us get a first down!

Oh, no, another goal line stance! Can we hold them? The big Orange held them 11 times within the 10 yard line!" And we held All-American Paul Spivey to 34 yards rushing!

It's the beginning of the 4th quarter and we're still number 1!"

Where's tonight's paper?

I've got it!

Well, I wanna' read what they said about our game last night!

Give that back! I'll read it to you!

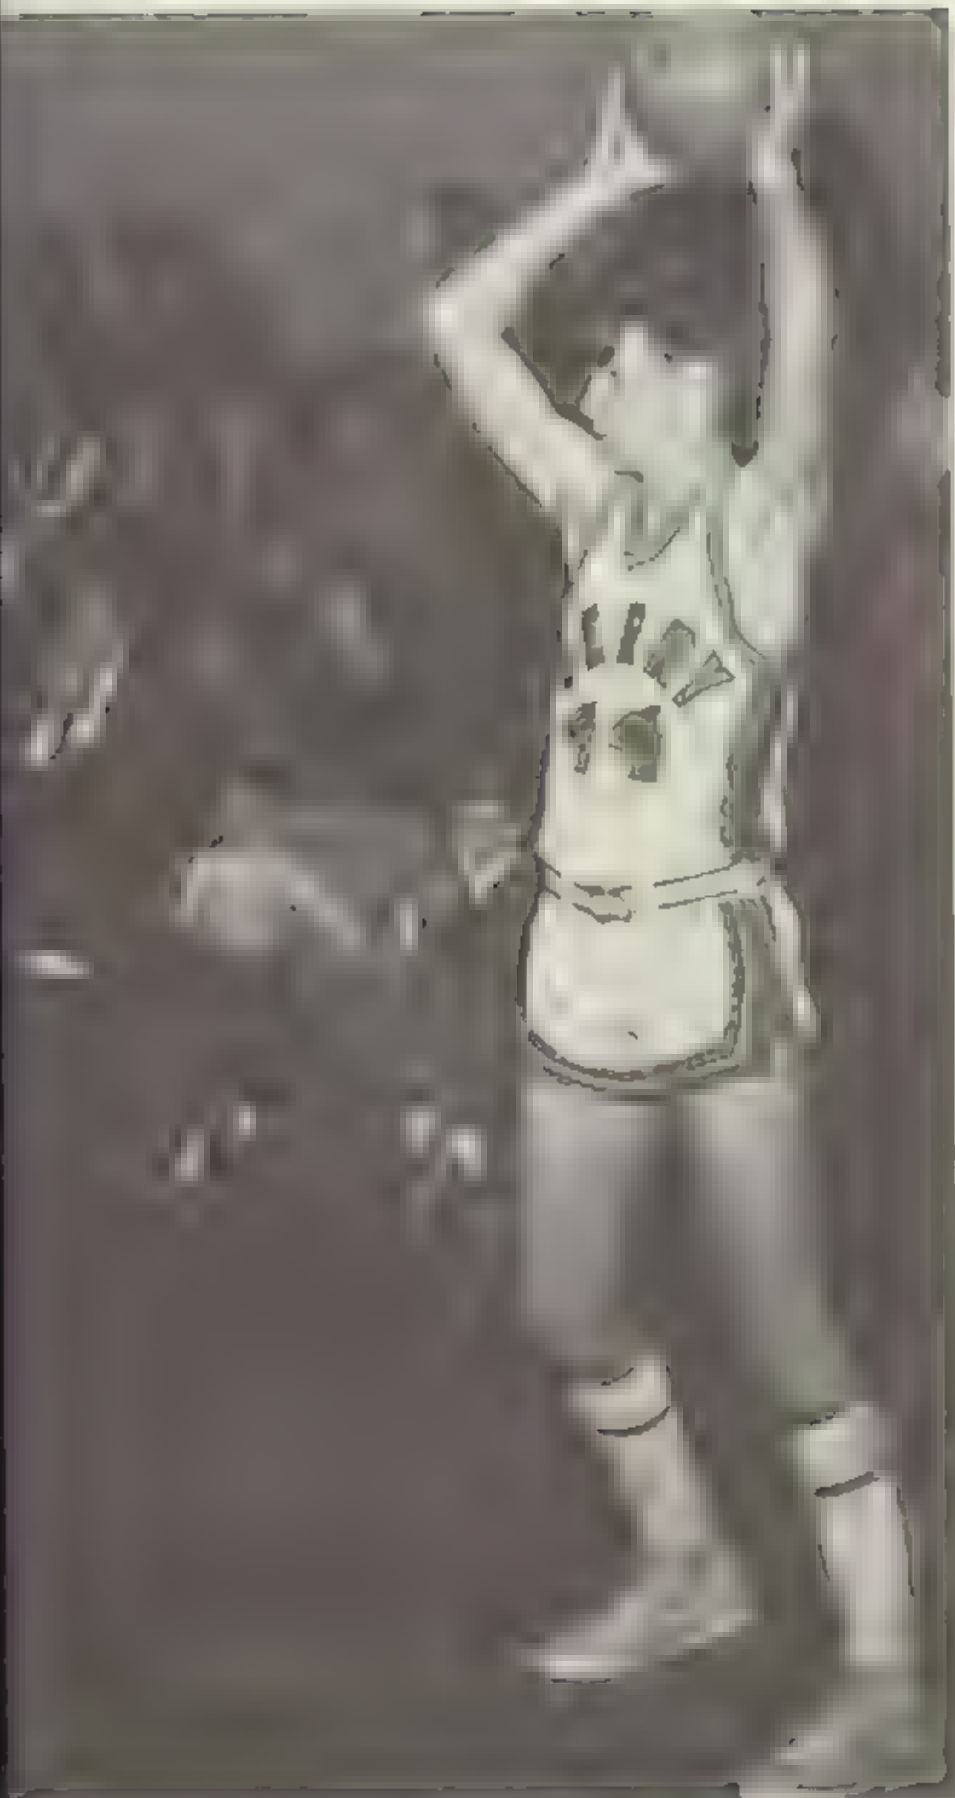

Heartbreaking is not a strong enough word to describe the Bucs' loss after leading well into the fourth quarter, and tears were in order with no apology necessary to anyone!

The play that proved to be the winning margin for Lee's Generals was a pass that turned in to a 44-yard interception!

"That one play did it," Coach Finley said. "a team effort." And even though that description is over worked, to call Berry's Thursday night game anything else would be an injustice!

"This team hasn't quit all year," Finley said, "and they didn't quit tonight. Time just ran out on them."

Bucs Pinup Wrestling Season

Hey, I didn't know you went to wrestling matches.

I usually don't, but they said we could get in free with a Howdy Dowdy Pennant.

This is my first one. Look at those uniforms.

The civic center is a great place to have matches.

They really brought in a crowd.

They start with the lighter weight groups and then get heavier.

Watch out. Dive! Dive!

Who? Me? What's wrong?

Not you, I was yelling at Richard Rew!

You mean tiny Richard's wrestling?

Yeah, but it's somebody his own weight. He's darn good, too!

Shoot it! Shoot it!

Shoot what?

You have got to learn that in wrestling you spend your time telling the man on the mat what to do. "Shoot it" means a way to pin him.

Oh! I was wondering!

Boy, Gary Ruzicka looks mighty tired after that.

It takes a little bit out of you to pin your man.

The scores kind of confuse me, but as long as we have the higher number, I like it.

That's nice!

Look at Bill Hawkins' getting ready to wrestle heavy weight. That's my favorite.

I like to dream that I had that much strength.

Well, it's over. That was fun. I think I will go to the next one, too.

Yeah, I think if people would come to one match, they would see how great it really is.

May I have the next dance?

Varsity Track Team

Hey, Spot, what are you doing way up here? Did your master bring you?
Yeah, Fido, I have been around in the house all day, and he thinks I'm not getting enough exercise. Ever since he joined the track team, my master has been a health nut.

What goes on up here, anyway?

They are having track practice. The humans run around the dumb track for nothing at all.

Sort of like chasing squirrels without the squirrels, huh? What is that guy doing over there with that big bone?

Oh, that's Kent Fullington pole vaulting.

Who is the big guy that looks like a beagle?

Oh, That's Coach Williams, the track coach, let's go bite him, heh, heh, heh!

Are these humans very good at this track deal?

Sure, they had a 4-3 season! And last year they took the county title away from States Valley for the first time in 20 years.

Not bad, but they could go a lot faster if they would use all four legs like us dogs.

Yes, but remember we are a much higher form of life from those "dumb animals."

I guess, but I couldn't jump as far as that broad jumper.

Yes, I guess so. What time is it?

I don't know. What do you think I am, a watch dog?

Well, it's time for me to get my master. See you at the vet Thursday.

Cross Country Captures Fourth in State

Look, orange men from Mars running through my yard!
They aren't men from Mars, they are the Cross Country team practicing in their orange sweat suits.

Look, the Martians are spreading. They will take over the world.
No, they are the Cross Country team. Look, there is Coach Williams helping them.
Call the National Guard!"

Shut up! How do you expect them to do as well as they do? They won 13 and only lost

Get the top scientists from all the different countries to work. We must unite to defeat them.

The "Martians" placed 4th in the State!

They're getting closer, closer. . . I don't know about you, but I'm going for the Air Force.

I came back!

Buc's Slide Into New Baseball Season

This is the first baseball game I've been to
 I go to them all, it's fun
 The stands are so far away, I can't see anyone's face
 Like WHOSE face huh?
 Well
 Who's pitching today?
 Fuller, Galloway pitched a great game the other day
 Rusty doesn't look like a pitcher but Stetson said he
 had a great fast ball, all he has to do is put his weight be
 hind it
 I hope the field is okay. The boys' gym classes spent
 enough time working on it
 Stover is catching a good game
 Is there anything he doesn't play?
 Not much. Here comes John Baumgartner up to bat. He's
 supposed to be a real hitter
 Yeah, he and Wayne Jobe did a great job at the plate last
 year
 Why do you keep hiding your face when anybody walks
 by?
 Well, I snuck in
 I want . . . hold it, you don't have to pay at a baseball
 game
 Oh? Well, I thought
 Shut up and watch the game. Did you see that catch
 Lawrence Logan made?
 Yeah, and he got it to Ralph Sanderson at 3rd in time to
 make the out
 I . . . ver Where are you going?
 I want to do something about the splinter I got out of
 these dumb seats
 Oh, excuse me I'll see you later

Girl's Put Another One Over

All right girls, this is going to be the best girl's volleyball team Berry has ever seen!
 Yes, Mrs. Mac
 I thought that this was the first volleyball team
 It is... Umm, Umm, Mrs. Mac, I can't be on
 Quiet! Now you girls are going to have to work, work, work. We don't have a regular
 schedule like boys sports but we can be just as good
 Yes, Mrs. Mac
 Mrs. Mac, I really should leave!
 Tell that shorthaired girl to shut up! Now because we are girls we have to learn not to
 worry about boys and how we look
 But, Mrs. Mac
 We have to forget that we are Junior and Senior girls
 But, Mrs. Mac
 And work! All right girls go get in your P.E. suits so that we can practice
 But Mrs. Mac
 Quiet and get in there - What is all that noise and screaming in the dressing room?
 It's that boy you sent in there!

Who's, Who

The purpose for this meeting of the Senior Class is to announce the "Who's Who." We have voted and hopefully elected the people who will best represent our Senior Class. The first category is Friendliest Boy.

It's Kneeland. Hey, that's great!

You said it! He always brightens things up.

Without Kneeland and his guitar, our assemblies wouldn't be the same.

I don't see how Lane can always be so cheerful after all she's been through. She just has a great personality, and the Senior Class recognized it.

Hey, Mal, you ready to go make another announcement?

No.

Come on, Mal, don't you know this announcement is important?

No.

Don't you want to support the basketball team?

No.

Aw, come on Mal, we've got to make this announcement!

Well, O.K. I only regret that I have but one life to give for the basketball team.

(LEFT) Friendliest - Kneeland Wright. (BELOW) Personality Plus - Lane Ogletree, Mal Beckham

Who's Who

Oh, no! Janet's gonna try to teach us another cheer
This is how it goes - Bucs have go-o-o power! bomp bomp bomp

Did you know that Melanie is President of the French National Honor Society?

Yeah, that doesn't surprise me

Did you know that Melanie was "Senior of the Month" in the CROW'S NEST?

Yeah, that doesn't surprise me

Did you know that Melanie breaks up her economics class every day?

Yeah, that doesn't surprise me

How come that doesn't surprise you

Because she's "All bright!"

Hey, did you see the group picture where Mike is standing in the water?
Sure did! I don't know about being witty, but he sure was wet!

Richard, bring me my shoes!

Hey, Flash, throw the ball over here!

Come on, Richard. Help me with my equipment

Hey, Richard, will you . . . Richard . . . RICHARD! Hey, you guys, Flash passed out, bring on the Gator-Ade!

A.F.S. has really gotten to be an important part of Berry. This is the third year for us to have foreign exchange students

Yeah, and as president of the club, Beth really has done a great job!

Did you see Rusty make that touchdown last night?

Yeah. I can sure understand why Rusty's "Most Athletic."

On top of everything else, he got All State

That's good. Playing football like he does, he needs a good insurance policy

Steve this is going to be the great
est tapping y!

Yeah, with the special stage set-
ting and our candles everybody's gon-
na be surprised

Oh, no! Steve, Janet isn't back
from the doctor yet

We're short nine candles

Mr. Galloway's started the music
already!

But where's the speaker?

And we tried so hard to have a
unique tapping

Hey, Melissa, can you help me get
my hair fixed?

Oh, sure, just a minute - who's
got the cat? Don't let him go, we'd
never get him back

Melissa, Tom needs his tux

Oh, hi, Tom, Tom, you're wear-
ing a yellow shirt!

Yeah, don't you like it?

No! I mean, well, yes. But you're
supposed to wear a WHITE shirt with
a tux. Who has the balloons? Don't let
go - they'll pop!

Melissa, my tie is crooked

Just tape it!

Melissa, can you help me with
these gloves?

Okay Melissa, your picture is next!
Have you had time to get ready?

(TOP LEFT) Most Vivacious - Janet Davis. (TOP CENTER) Most Dependable - Beth Ogburn. (TOP RIGHT) Most Athletic - Rusty Fuller. (BOTTOM LEFT) Wittiest - Melanie Albright, Mike Kimcard. (BOTTOM CENTER) Most Dependable - Richard Blankenship. (ABOVE) Most Intellectual - Melissa Arnold, Steve Blair

Who's Who

I wonder why Susan got "Most Unpredictable?"
Are you kiddin'? You wouldn't ask if you'd seen her the day we took "Who's Who" pictures. We couldn't keep her out of the trash can!

Hey, I heard that Elvis Presley made an appearance at the Christmas assembly
Yeah, but he was in the form of Tim Lundy

What is it about some people that makes you know they're going to succeed?
Well, look at Don. He won a \$1,000 Savings Bond for his Civitan speech
Yeah, he's the type of guy that really gets places
And Jeannie! She's president of F.S.A. and was selected an Outstanding Teenager at Berry

(TOP) Most Unpredictable - Susan Powers, Tim Lundy. (TOP RIGHT) Most Likely to Succeed - Don Darnall. (RIGHT) Best Dressed - Gary Peck

Who's Who

Do you remember when we took Patricia Black's picture for Miss Senior Class?

Yeah, that was really a panic! We told her what to wear, but we forgot to mention her shoes. I thought I'd die when she came walking in bare footed!

He's good lookin'! Who is he?

That's Mike Thompson

He really gets around, doesn't he? Here he comes again

No. What's the matter with you? That's his twin, Mark

Gary Peek must have the tuffest looking clothes of any boy at Berry

well, he's "Best Dressed" - all the way down to the Corvette

I know where Debra gets the money for all those good looking clothes

Where's that?

She won the pot at basketball games two weeks in a row!

(TOP LEFT) Best Looking - Patricia Black, Mark Thompson, Mike Thompson
(LEFT) Best Dressed - Debra Langston. (ABOVE) Most Likely to Succeed
Jeannie Hale

Who's Who

And I'll tell you, Judy doesn't limit her spirit to one school
She's ready to make the change from Big Orange to War Eagle

Jeff has a unique way to show his school spirit
Isn't he president of Brown Cow?

Yes, and you remember the plane that flew over the pep rally
before the Shades Valley game. I guess it did the trick

Our Most Talented seniors are great musicians

Yeah, I heard Rick's band at the March of Dunes assembly and
Suzanne sings at the Guest House

Von, how can we end this "Who's Who" section?

How about using that prayer that Kay gave on the morning that
"Who's Who" was announced?

Yeah, that's a great idea. How did it go?

Kay said, "Our Heavenly Father, for all the special people who
make this school what it is, we give you our thanks. Amen."

I can. They must have cheated

Remember when we sent Christmas cards to the soldiers in Vietnam? I got a

That was a good project. We'll have a big drive in January for the March of

Interclub Council

For the third meeting in a row we will dispense with the reading of the minutes. Now we will have a report about Operation Pride.

The Pride packages have been lost in the mail for two months, but are finally here. Yea!

We've already sold 100 so that leaves only 900 more to sell. Good Luck! Monthly reports are due today.

CROON

When is the Galleylopper, Miss Willoughby? I mean, Mrs. Taylor.

We'll worry about that when we come to it.

I move we adjourn.

Adjourn! The meeting just started. Now let's get down to business.

Why do we meet every 1st and 3rd Monday? Couldn't we get by with just one meeting a month?

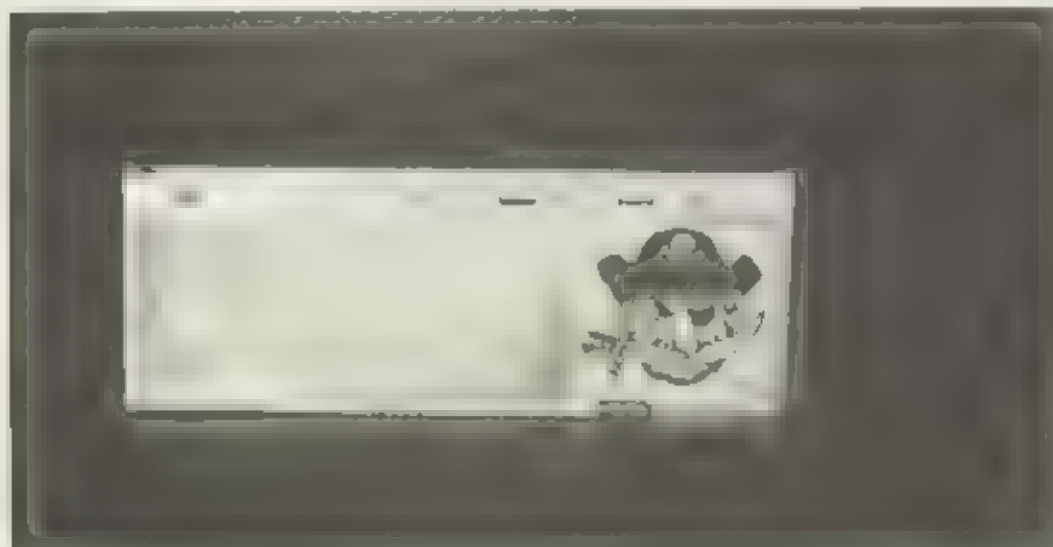

I.C.C. has a big job coordinating the activities of all the clubs so two meetings a month are badly needed.

My club would like to join Inter-Club Council. I brought our constitution to be approved.

The constitution seems to be fine. Is there any discussion?

If we hurry and accept the constitution, can we leave?

Good idea. I move we accept the constitution and then adjourn. The 'ayes' have it. Let's go home.

Now, tonight we're going to finish our business as quickly as possible. We don't have any time to waste, so we'll try to end everything up real quick. I know most of you have physics tests tomorrow, at least I do!

Our trip to Partlow was a great success this year. We spent \$400 on presents for the kids there and gave them a \$860 check for the Partlow Summer Camp Fund. This is a total of near \$1300, as compared with last year's total of \$500. After you turn in your money for the Christmas candles, we'll have enough to send three people to Searcy, Arkansas, instead of just two. We won't have to sell any more doughnuts.

American Field Service

For those of you who didn't meet the exchange students during the summer, I'd like to introduce Suzy Montaldo and Maria Pityrk. You mean we finally raised enough money to get them here? Of course we had enough money. We only sold candy, student directories, Christmas cards, and Friendship Ben.

A I.S. really keeps us busy.

We wouldn't have been able to do all of this without Mrs. Rankin's help.

She's a wonderful sponsor and helps A.F.S. stay one of the most active clubs at Berry.

What is the main purpose of the American Field Service?

The A. J. S. tries to create international friendship and understanding.

We've had students from a lot of countries. About 60 countries send students to the United States.

Why don't we send a student from Berry to another country? Kuno McGlamery will live abroad if a family can be found to keep her.

It's always hard to find families. Berry hit it lucky and found two families. We might not be so fortunate next year.

Maria Pity, returned from America, 1955. L. 12

When the stewardess in the plane told us "Birmingham," I felt nervous and a little bit scared, like when you take off the first ribbon of a present.

Great! In the airport was my family and a group of girls with a big poster for it said "Welcome Susana." It was the first thing that showed me how friendly and hospitable are the people in Birmingham. All the way home, I enjoyed looking at beautiful houses.

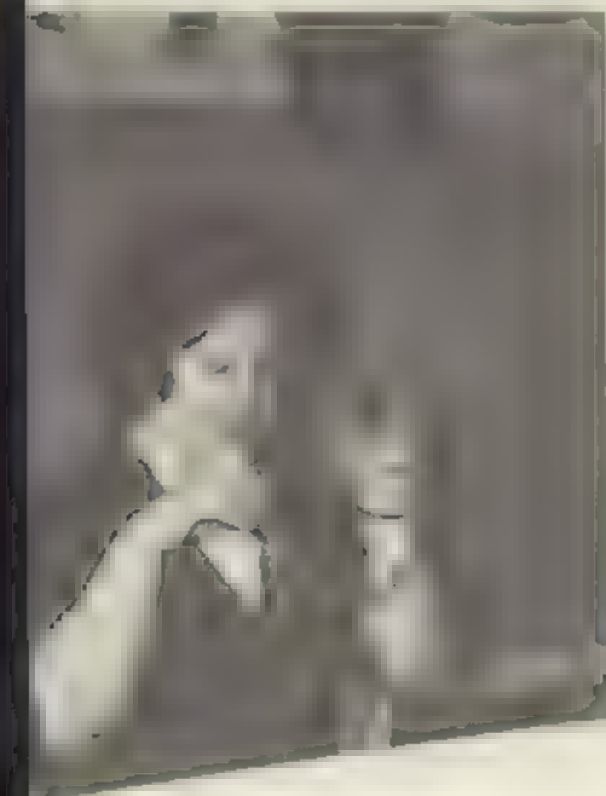

After a few days, I began another interesting adventure. Berry, "the School." Everything was perfect except the people spoke English. This weird language brought me much trouble, but I learned to love it, anyway. To talk about English for me is to talk about my family, my teachers, my friends trying to understand and help me. But especially, it reminds me of Mrs. Swindle asking me all the time "Suzzy, tell me the new verbs you learned today."

Coming to America is something really exciting that I will always remember!

The idea to come here was like a dream to me. It was almost impossible because of the many problems. But the love of learning and curiosity won. I came here and a new life started. Everything is so different, the way of life, the school, the situation between the people.

In the first days everything was excitement, interesting. New country, new people, new customs. I was very happy, enthusiastic, but first of all, I was confused. I did not know what I was doing and why. But the time passed, day by day, and it gave the answers to my questions.

I love the American people because they are so simple, so friendly. I never had trouble living with them. Their love gave me the courage to continue what I had already started, and this is the purpose of my trip.

I am very lucky to go to a school like Berry. Its great football team, its marching band, the choir, the clubs, the assemblies, the activities make me feel proud to be a student. I thank everybody who was good, friendly, and helpful to me and especially A.F.S. which made me able to come here and have this wonderful experience.

French Honor Society

Moving right along, we need to talk about the "12th Night Dinner"

What's that?

All GOOD French students should know what the "12th Night Dinner" is!

Well, I don't! I'm just a French student

The French people always celebrate on the 12th night after Christmas

Let's have the French chef from "The Club" cook the dinner

No, I like Mrs. Rankin's French cooking. Besides, it is cheaper than hiring a professional!

Moving right along, I think we'll wait until the next meeting to decide. When are we having the spring tapping?

Let's invite the new members to join by letter. Then they can come to the "12th Night Dinner" for the installation

We have to vote to make it democratic

O K., it passes. Meeting adjourned. See you at the dinner

This dinner is great. What are these red things, "Savage Apples?"

What are we supposed to say again?

Read the motto and pass the candle down the row

But you know I can't speak French

Oh, oh, that candle is dripping all over my hand

Guess what! The picture of our adopted boy came yesterday
His name is Sung Kuo-Ching and he lives in Taiwan
Let's make him a Christmas card. We can send him money for
his present

Better sell lots of donuts to raise the money
I know two missionaries to Taiwan. They can show slides
I'm looking forward to fun at the French Convention this year
Everyone going?

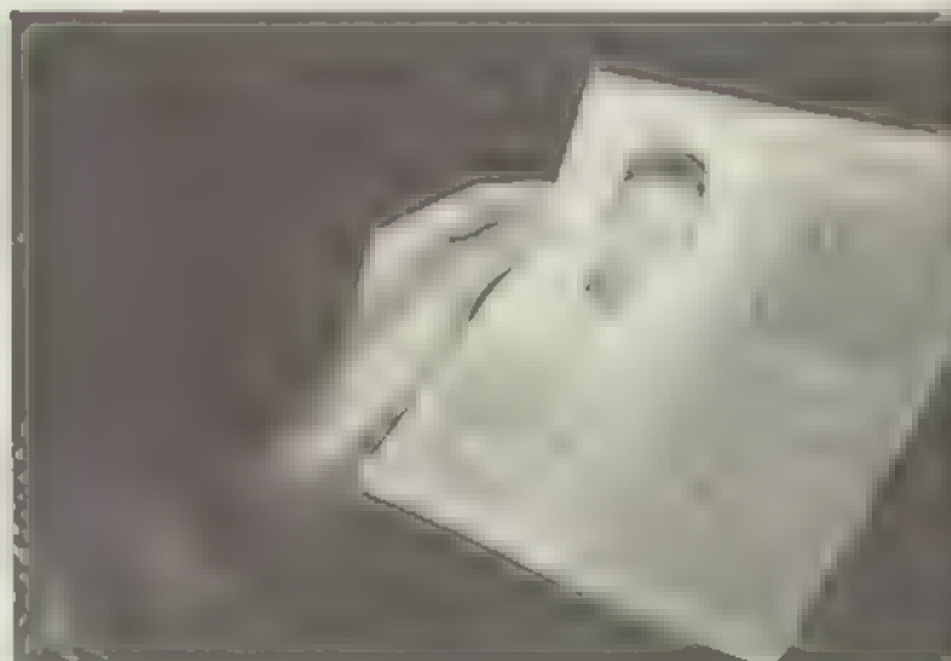

The University really swings when our group gets there. Right
Stroup?

As Treasurer Club of the state, we sure put the money to good
use. What a party!

I can't wait till our pastry party this spring
I gain weight just thinking about it. The new officers will be in

German Club

Does anyone have any float ideas
I'm thirsty Why don't we have refreshments at our meetings
Everytime we talk about Homecoming I think of coke floats
Why don't we make a gigantic coke float and call it "The German
Club Float"

Oooo, what korn'
We need to do a project for the school
Let's clean out the football stadium
Man, do you believe in hard work
Our program tonight is about Germany
It's about time we have a speaker related to our club. We are
supposed to be an interest club but sometimes I wonder what our
interest is! Ha ha!

I think we should draw the 12 Days of Christmas for the lunch-
room wall. We'll let our president draw it and then the rest of us can
help paint it

I'm not a very good painter. I can't stay in the line—
I guess you better just hang it up We'll never get honorable men-
tion that way!

Oh, boy! Am I glad that debate is over! Do you think anybody could tell it was my first one? I don't know. When you said, "Let me tell you what's wrong with the affirmative plan . . . It won't work" that might have given somebody a hint. Well, the judge smiled.

He smiled when the second affirmative failed too. When I debated for the first time, the judge practically fell out of his chair laughing. But the first time is always bad. You'll do better next time.

We're going to do extemporaneous speeches today in speech, and I'm scared I don't think on my feet too well. I didn't know that you took speech. Are you in the Forensic Club?

Yeah, did you know that we had a great Homecoming float, but our truck broke down so it didn't get in the parade. We were SO disappointed.

Oh, well, that's the way the cookie crumbles.

That was a little bit of bad luck. But we aren't giving up. We were represented in the Beauty Walk by Lyndi Myrick, and we'll have a skit for the Galleylopper. And there's always the Easter Egg Hunt.

By the way, what is an extemporaneous speech?

That's when you are given a topic to speak on and you don't have time to prepare. Topics like "How to Retread Tennis Shoes" and "The Life of a Geranium."

You've got to be kidding'

So what else is new? We win every year
Yeah, and we always win in the Galleylopper, too
I know, and we have a blast at every meeting, especially with Benje as Sgt

Yeah he was Santa Claus in our Christmas decorations. Those decorations
we did really should have won

The ones we did for the Vestavia Civic Center were better

We sure did work hard before Christmas. I'm glad in a way that it's all over
Now we have to start working on our float and banners for the Festi

Yeah, we're bound to have a lot of laughs with Mr. Rosser and his jokes.

I don't remember seeing you in choir.
I thought I'm in the band. Anyone interested in music can join the club.

I bet our float is one of the best.
But are you sure we can get a truck?
We've already paid the deposit. Oh, hi, Joe!
I thought we did.
Nope. They gave it to somebody else. There goes our brilliant float idea.

Save it for next year.
Let's get Mr. Rosser to come with us. Maybe that will help us up.

Majorettes

Good grief! It's cold out here
Why do they have to have parades on
a day like this? Nobody in his right
mind is going to stand out here in
this weather!

Well, it's a parade for the astro-
nauts. And they're really something.
Just look! You know what this makes
me think of

What?

Summer practice. I don't know
which is worse -- this cold or the heat.
During those two weeks I had more
nightmares. Somebody kept saying
"Big step off," "Pick those feet up
and "Drums!"

Oh, don't remind me!

Remember the competition at
Gadsden. We got back at 2 o'clock in
the morning!

Yes, but we brought back a trophy

KATHY PLAN

Which way did the band go?

I was beginning to think football was a year round sport. How many games did we play for?

I don't know. I lost count at ten. But, I wouldn't have had it any other way. That's true. We had fun too. Remember "Plume Flash - 1, 2, 3." and "Boom Boom Figgy Wah."

Yeah, and we teased Mr. Sharp because there was a guy on Minor's team who was almost as big as he is.

And at the Valley game we played "Hurrah for Berry" 11 times in a row. Remember when we practiced for the Dental Clinic game. It was so muddy you'd think we had just gone through the monsoon season.

Well, you have to take into consideration that it was Shades Valley's field. Good. Hey, the parade's about to start. What are we playing first? Hope it's a hot piece. I could use some warming up. Oh, cool it.

Home Economics Club

Hello I'd like to find out something about the club that meets in here. Could you help me out?

Sure. We're a very active club. We won 2nd place for our Homecoming float. It looked fabulous! We planned a good Galleyopper skit for the spring. At Christmas time we had a country store to raise money. Then we gave a party for the children at Elyton Day Nursery. We even had a Santa Claus - James McLeod. He did a real good job, except his beard wouldn't stay on.

This sounds like a great club. How can I join?

You want to join?

Yes.

You're sure?

Yes. Why don't you want me?

Oh, yes! It's just that you'll be the first boy to ever join. What club is this?

The Home Ec Club.

Good grief! I thought this was the Art Club!

No, that's on the other side of the building. My goodness, the girls are going to hate me for letting you get away.

The Interact Club here at school is selling these to promote school spirit here in Big Orange Country. Would you like to buy one?

I'm new here, but I didn't realize this school had so much school spirit.

Here, put this on your head, put your money in my hand and I will take you on a guided tour of Berry High School. First, this is the Senior patio.

Gosh! a fountain.

These steps go to the Senior high building, don't they?

Yes. Let's go down there. Check out all the clean blackboards.

Well, fans, I guess the meeting should come to order
 What math puzzles are we playing with tonight?
 I want the answers to last meeting's brain teasers. I still
 haven't figured them out
 Did you ask your third grade brother?
 Our Christmas dinner was so good
 I'm bad at math, how do I know?
 Yeh, but that's the way the math teachers!
 Why do we visit in person?
 I think we should wait until after Christmas
 Do you think I can put me on a diet?
 Are you kidding? I'm over 100 and 200 pounds! The com-
 puter will be a great help
 Kind of like computer programming?
 How many students will make Mr. Alpha Theta this year?

Future Teachers of America

Listen, because I have an important announcement to make. Due to extenuating circumstances, we will not sell subscriptions to the SHADES VALLEY SUN this year. We have a new, original idea - we're going to sell Joughnuts

Oh, yeah, that's really new and different!

We need to start making money now. We've already given \$100 to the March of Dimes, plus supporting those fumbies at Thanksgiving and Christmas. We have to work now for money for our spring banquet and the \$500 scholarships we give in the spring

Thursday the seniors will teach at the grade schools

Oh, boy, that's fun! But I never will forget the day I was trying to teach the Quadratic formula, my feet were killing me, and those kids would not keep quiet! Now, I know what teachers have to go through!

Fellowship of Christian Athletes

It's 7:30, let's go on in and get a good seat.
 It's time for the meeting to come to order. Excuse me, ladies, but we really must start.
 As soon as they leave, we'll get down to business.
 But Doug,
 Today our meeting should last about 30 minutes. We'll start by calling roll . . . O.K., we have about 29 minutes and 15 seconds left.
 Guys, are you still here? I don't think you understand. Only members can come to the meeting.
 Isn't this the F.C.A. meeting?
 Yes, but
 Well, isn't the purpose of this club to promote Christian attitudes among athletes? Isn't membership open to all members of the athletic program?
 Yes, but
 Well, I play volleyball and that makes me an athlete.
 Yes, but
 And I'm on the team and that makes me a member of the athletic program.
 Yes, but
 So here I am to promote Christian attitudes.

Junior High Honor Society

What is this assembly for? And why did we have to get all dressed up?

It's the Jr. Honor Society's tapping.

Oh, all those schoolies. What do they ever do?

Well, they had a Christmas decoration that looked real good
And they sold donuts to make some money.

And they're all a bunch of schoolies who never have any fun.

Oh, I don't think so. My best friend is in it, and she says they
have a lot of fun. They're starting the tapping. Oh, I'm excited.
Big deal!

I didn't know that boy was smart. He's in my English class, and
he certainly doesn't act like it.

Well, you just never can tell.

Look! Somebody's coming over here. I wonder who they're after.
I don't see any likely candidates around here. Do you? YOU? You're
getting tapped? Well, I never.

Who says we don't have any fun?

FACULTY

Our Principal, Mr. John Edwards

Hey, Joe, I saw a teacher in the lunchroom send you and Don to the office yesterday. What happened?

Well, you know Marv?

Yeah.

Well, she brought some grapes for lunch and while she went to get some milk, Don and I swiped them. Then we started throwing them at Bill, who was way across the lunchroom, and just as we aimed one right for Bill, a teacher walked by him and uh - it kind - of missed Bill and hit the teacher right in the eye! Well, the teacher couldn't help seeing who threw it.

You mean

Yep. She sent me to Till' man, and boy, was I scared. But underneath, I guess he's really a nice guy.

Why do you say that?

Well, first he told me that I could have hurt somebody by throwing grapes and that if it ever happened again, he would have to suspend me.

I don't get it. He threatened to suspend you and you think he's a nice guy?

Oh - It wasn't that. It was what I heard him mutter under his breath when I was leaving his office.

What was that?

He said, "Hummm, grapes. In my day it was spitballs."

(ABOVE) Dear Santa

(ABOVE) How many times have I told you never to call me at the office?

NEXT: "You know, in this is only the fifth time you
have been in the school since I saw Mary and
then I worked Mary's class, and since I was so thirsty, I decided to go to the
unchroom, where I ran into Susan and Gail and then I
ah, I know. And yesterday, it was Janet, Dianne and Jeanne. Then
re that it was Leslie, Jane, Becky and Melanie. John. I could
and on. Don't you ever run out?
I frankly, no. And it's sad, too. I'm a miserable victim of my own irresistible
charm."

(RIGHT) May I be excused?

(ABOVE) May I be excused? (LEFT) Mr. Smith DOES smile, too!

Guidance Counselors

Excuse me, I was wondering if you could help me decide where to go to college.

Sure! Let's have a look at your grades. Hmmm . . . Why in the world did you take chemistry? You could have gotten in the Honor Society if you hadn't taken chemistry.

I had planned to be a doctor.

Oh, I see. Now where do you want to go to school?

Well, I'm kind of debating between Harvard and Yale.

Young lady!

Well, it was just a passing thought. How does the University of Alabama sound? They have a good medical school.

Are you sure you don't want to be a vet? You could go to Auburn then.

But I want to be a doctor!

Or maybe you would like to go to Georgia Tech and be an engineer?

No, no, no! I want to be a doctor!

How about Florida State or Samford or Mississippi State or Judson?

I just thought I'd mention a few since you aren't sure what field you want to go into.

But I am sure! I want to go into medicine!

Oh, then by all means, I will be happy to help you. If you ~~hadn't~~ taken chemistry, maybe you'd better consider going to an engineer.

Office Staff

May I check out? I have a dentist appointment
 Yes, but I'll have to have a note of permission from your parents
 Well, I don't have one
 Then give me your phone number - I'll have to call and check this
 with your parents
 Well - uh - my parents are out of town
 Then what is your dentist's name?
 Why do you need to know that?
 So we can call and check your appointment
 Uh - in that case, I don't think I remember his name. Anyway
 the dentist can just hang it up! I'll see another day. I'm going back
 to class
 Hey - little boy, why are you limping like that?
 Well, I seemed to have sprained my ankle when I started out the
 office door. Oh, well, I guess I can't go back to class then, huh?
 Are you sure you hurt your foot?
 Oh yes ma'am! Oh, it's killing me - ohhhh
 Let me see - your foot isn't hurt? I'm going to give you a pain
 and you go straight back to your class. (Thank goodness I'm rid
 of him! Oh no! here he comes again!) What do you want THIS
 time?
 I lost my geometry book and we're having a test tomorrow and
 this is the only period I have to find it
 Little boy, WHY do you keep coming in here?
 Well, that's my bag
 Your bag
 Yeah, I like to bother people

English

There comes a time in everyone's life when he has to face his English class. Yes, but I don't think I'm ready. I hate myself when I don't study. I usually put it off till study hall, and then the prospect seems less than desirable. Hey, if you had an essay to write, what would you write it on?

This is indeed a perplexing problem. While pondering this in my mind, I find that I cannot bring myself to organize my thoughts in such a way that they might pertain to our course of study as presented in our book of fine literature. In conclusion, I state that when compelled by a teacher's wishes, my composition is lacking.

—other words, you didn't do your homework, did you?

Nope

Dear Abby

Well whatever turns you on kid!

Science

Don, what are we supposed to see under the microscope?
 Algae, I think. Then we have to identify it. Have you seen anything yet, Linda?
 Well, I'm not sure. Does algae have black lines on it?
 I don't think so - let me look - Linda, that's the mascara off your eyelashes.
 Can you get a lens tissue and wipe it off?
 Now try again and maybe we'll see something . . . Do you see anything?
 Nah! Go ask the teacher to come help us.
 Uh, excuse me, but
 Not now, Don, I'm busy with another student. Wait a minute and I'll be over to help you.
 Is she going to help us, Don?
 No, she's busy. Gosh, I wonder why we never find anything? Oh, good, here she comes.
 Now, what seems to be your trouble?
 We can't find the algae.
 I think this might be the reason. Linda, why didn't you turn the light on?
 I'm sorry. I forgot. I guess that wasn't a very "bright" thing to do. Here, that puts a little "light" on the subject, huh, Don?
 Cut the puns, Linda. Look! I've found it! There it is! The Algae!

Math

Dan, will you help me with this problem? I just can't seem to get the right answer.

Sure, Joe. It should be crip! I'll teach you the way MY teacher does it. See, first you divide the square root of this number by twenty-five. Then you immediately multiply that by seventy-two, square it and divide by three.

Well, that's not the way MY teacher did it! She divided the square root of this number by twenty-five. Then she immediately multiplied that by seventy-two, squared that and divided by zero.

But, Joe, you can't divide by zero. Your teacher is wrong!

Yeah, I know. I tried to tell her, but you can't convince a teacher that she's wrong.

Well, what happened?

Aw, she kept telling me that I was wrong, and almost had me convinced, too, till one of the kids in the back of the room told her to look in her book to find out what the answer was.

And?

Boy, did she turn red!

Class, today we are going to study the Communist take-over of Russia

But, I thought we were studying American government

We are, but we also have to study the outside influences on our system

You said it! Now you can just sit quietly and talk or study for the rest of the period. I can see that this class is not ready for any deep thought or discussion. Silence is golden, but not when I'm depending on some response to take up class. But you can talk among yourselves, now

Foreign Language

Well, here comes the age old question of the decade. Did you do your Latin homework?

No, and I can just hear it now. "Don't darken my door unless you've done your homework."

Yeah, I've heard that before. On my last translation that I did in class, all I got was, "That was rotten!" and, "You don't know pea tur key!"

Well, let's go in and face it anyway.

Class, I'm just going to have to close these windows. Those trucks make so much noise, and they aren't even supposed to be on this highway.

But it will be so hot in here.

I've always told you. Don't wear anything to class that you can't take off. You can just strip! Then if you're still hot, you can just sizzle!

Sizzle sizzle sizzle!

Now translate, You!

The villa is great.

Now, do you say "The villa is great"? No, of course not! You say, "The villa is large." Try again.

"The villa is large. The courage of the man is large."

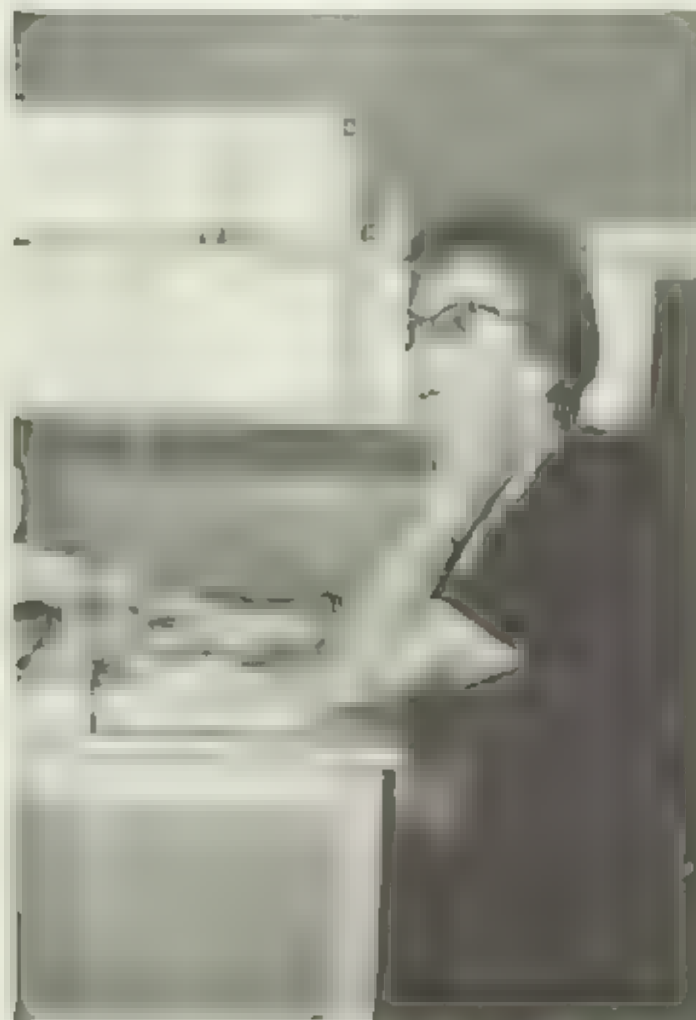

No, no! "The courage of the man is GREAT," not "large." But "magna" was translated "large" where I translated the sentence about the villa.

That's in a different context. You are just plain not smart! Oh, murder!

I guess you see it too, huh? Latin is dead.

Boy: I sure am glad we don't have to dress out today!

Me, too, I need to do my English in here this period.

Oh, no!

What's wrong?

I dropped my pen under the bleachers.

Oh, you can get it later. Hey, what are we doing in here next six weeks?

Modern dance, I think. But anything is better than the balance beam. Half of those stunts I couldn't do on the floor much less on a skinny little rail ten feet in the air!

I know what you mean. But my main trouble isn't the stunts, it's getting up there. You know how you swing your leg over the beam, then balance and stand up. Well, when my leg finally got enough power behind it to swing over, it swung the rest of me with it, and I ended up on the floor on the other side.

Yeah, well, there's a little bit of uncoordination in all of us.

True, but I seem to have more than my share. Say, I don't want to do my English. Let's go watch the boys work out on the weight machine.

No, I don't think I want to.

Why not?

Well, the boy I like is over there.

Who?

Well, he's working out because

because what?

Well - because I beat him at Indian wrestling the other day.

Oh, Jeff, that's a painting! You do the most fabulous landscapes! I wish I had your talent!

Oh, it's nothing really. I do best the things I enjoy. That way, they usually turn out better than when I'm working with materials I don't enjoy. Water colors and landscapes are my favorites. Drawing also calms my nerves. It puts me in a better mood, too.

I guess it does. If I could draw like that I would be in a good mood, too. My drawings depress me. They're always so lousy, even when I think they are good. I look at yours and want to give up. Oh, Jeff, you are so wonderful!

Well, Jane, we each have a talent that we must use to the best of our abilities and not waste our time on trivial matters. Hey, Jane, where are you going? I was going to ask you out Saturday night . . . Jane?

Well, you said not to waste our time on trivial things and I'm taking your advice. I'm going where I'll enjoy the results the most . . . Oh hi, James! Gee, that's a beautiful painting! You have such talent and you use such long, sweeping strokes.

Hey, Don, can I have a ride home today?
Sorry, Stan, I leave after fifth period and work
Oh, really? Where
At my mother's beauty shop
You're kidding, I hope
No, I'm not. I have to unload things that she uses, like shampoo and hair color and things like that. But I'm thinking about quitting that and dropping out of school to join the Navy. How does that sound for excitement?

Well, Don, I thought you wanted to be a biochemist. That's your ambition. Stick to it.

You are right. I'll stay in school and become a biochemist, then eventually, I'll probably marry.

That's a fine life, huh Stan?

Go join the Navy.

I realize that this is your first driving lesson, Mary, but be calm and relax. You'll do fine. Now, let me check my safety precautions: crash helmet, check, seat belt, check, shoulder harness, check, emergency brake, check. Well, I guess we are ready to go. OK, put the key in the ignition. The ignition, Mary, not the glove compartment and turn on the engine.

Engine, I love you.

Mary.

OK, OK, I'll start the car.

Now, put the car in drive and slowly press down the accelerator. Go straight until you get to the corner and slowly turn SLOWLY, Mary SLOWLY! You see that stop sign down there?

Yes, sir.

OK, now, just before you get there, begin to brake.

Which one is the brake?

OH NO! Face it, it's hopeless, and anyway, I don't think you are advanced enough for this sort of thing. Just change places with me and I'll drive. Let's see, you put the key here and you put your foot on this one.

I give up. I'll never make it as an engineer. I used to think about how great it would be to construct complicated things. Now, I don't think I could draw a straight line using a ruler.

Yes, I know. It's not as simple as I thought, but what gets me is that one girl in our class. She does better than any of us guys. Have you ever seen any of her constructions?

Sure, and what a construction!

Cool it, Jim. Concentrate on your work. Where are you going now?

To see if she'll help me with my drawings. Maybe she could help me with my "homework."

Well, Jim, what did she say?

Oh, well, back to the old drawing board.

This has been a year of expressing ourselves

Now the year has brought the end of a long
 day and the darkness of the night has come. The
 shadow of the night with its cold and
 work toward the future.

Jerry,
 It has been fun
 in history considering
 we've had fine
 Teachers. I'm glad
 you're going to hear
 this summer. It's
 the start of fun. I hope
 we have a lot of classes
 to gether next year. Good
 luck and God be with
 you.
 Pat

Jerry,
 I've been thinking about
 you a lot. I hope you're
 having a good time. I
 hope you'll see me
 soon. I'll be there.
 Love,
 Pam

Jerry,

 Love,

Jerry,
 Even though you
 do your mind, it's been
 fun. I know I'll see
 you next year, because
 I always did have the
 luck. See ya next year.
 Pam

Jerry,
 I'll never forget the
 dumb, queer times
 you, in God and and I
 have had in speech.
 Gosh, Mrs. Tidwell is
 sure a winner. Your
 name is spelled Jerry
 name Jerry. Thank
 you. See you next
 year. Joy '72

Jerry (sorry)
 It's been a lot of fun
 in Mrs. Tidwell's class.
 She gave us a lot of
 laughs. Too bad we can't
 taking Latin II so we
 could enjoy her even longer.
 I hope we're in some of
 the same classes next
 year. Have fun this
 summer and raise heck.
 Be good and May God
 Bless ya, Love
 JoAnne

Jerry - this has been SOME
 year. You are so dumb! Really.
 You're quite a guy and I've
 enjoyed knowing you! Man - you
 are really a cool guy! I'll have
 to admit that you are slow in
 somethings, but it also takes
 me a while to catch on
 sometimes. Don't ever for-
 get our English class - (how
 could you!) and homeroom
 and lunch-study, too!

Well, have fun this sum-
 mer! Be good & stay
 out of trouble.

~~Let~~ Let you
 Debi

Dear Jerry,
 We're all great

 but we never take it)
 But this summer we
 can have a break at
 Jersey - stay as short
 as you are - maybe
 spend some up in Japan III!
 Yeh! Yeh! I see some
 always & many that Blue!
 All my love
